

HELPFUL HINTS

If you're uncertain how to work out the square metreage of your room, just draw the dimensions on the grid below (See how to measure a room page for more information). You can print this grid and bring it in to us with your room dimensions on. We'll work out the area meterage for you. Beneath the grid is a jotter to make notes on your requirements.

Name _____ Contact No _____

What type of room do you intend to floor? (Lounge, Bedroom, Bathroom etc) _____

Do you have a particular type of wood floor in mind? (Solid, Real/Engineered, Laminate) _____

Have you seen a particular wood on our website that you like? _____

What is the subfloor your new floor will be layed on? (Concrete/Existing wood floor etc) _____

Do you know what accessories you require? _____

If you cannot answer any of the above, don't worry - we're here to help you get the wood floor you want.
We look forward to seeing you.
